

The Transfection Experts

Primary or Stem Cells Successfully Transfected Using *TransIT*[®]-2020 Transfection Reagent

Primary or Stem Cells	Transfected By Other Researchers	At Mirus
Human airway epithelial cells	x	x
Human astrocytes	x	
Human ES cell derived neural progenitors	x	
Human mesenchymal stem cells	x	
Human osteoblasts	x	
Human skin fibroblasts	x	
Mouse cortical neurons (E18)	x	
Mouse embryo fibroblasts	x	x
Mouse ES cell derived cardiomyocytes	x	
Mouse osteoblasts	x	
Rat aortic smooth muscle cells (SV40 Large T-antigen transformed)	x
